Unitur®

Host City – Zreče, Slovenia

Slovenia is called an earthly paradise of snow-capped peaks, turquoise-green rivers and Venetian-style coastline, Slovenia enriches its natural treasures with harmonious architecture, charming rustic culture and sophisticated cuisine. From the soaring peaks of the Julian Alps and the subterranean magic of Postojna and Škocjan Caves, to sparkling emerald-green lakes and rivers and the short but sweet Adriatic coast, Slovenia has it all. An incredible mixture of climates brings warm Mediterranean breezes up to the foothills of the Alps, where it can snow even in summer. And with more than half of its total surface covered in forest, Slovenia really is one of the greenest countries in the world.

Zreče is located in the east/central part of Slovenia. The popularity of Zreče is primarily the result of its spa and excellent wellness range. In its surroundings, you can also avail of one of the many walks you can take along the wine-growing areas and visit local sights.

During thirty years of operation, Unitur's centres on Rogla and in Terme Zreče have hosted numerous European and World Champions and Olympic Medal Holders. For numerous of years their facilities are used for the preparation camps of all slovenian handball national teams aswell..
